IL TEATRINO

SI APRE IL SIPARIO!

Per realizzare in maniera semplice e veloce palco e sipario utilizza una scatola capiente, un foglio di carta azzurra per il fondale ed uno rosso per la tenda.

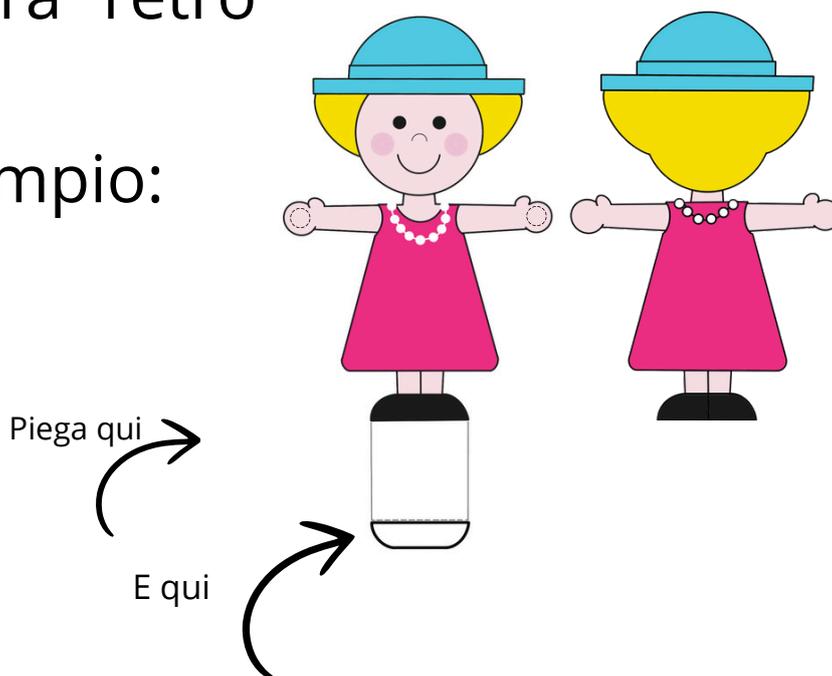

Anima la storia utilizzando i personaggi su piedistallo ed i loro strumenti. Per fissare sulla mano dei personaggi i relativi strumenti utilizza dei dischetti adesivi di velcro.

IL TEATRINO

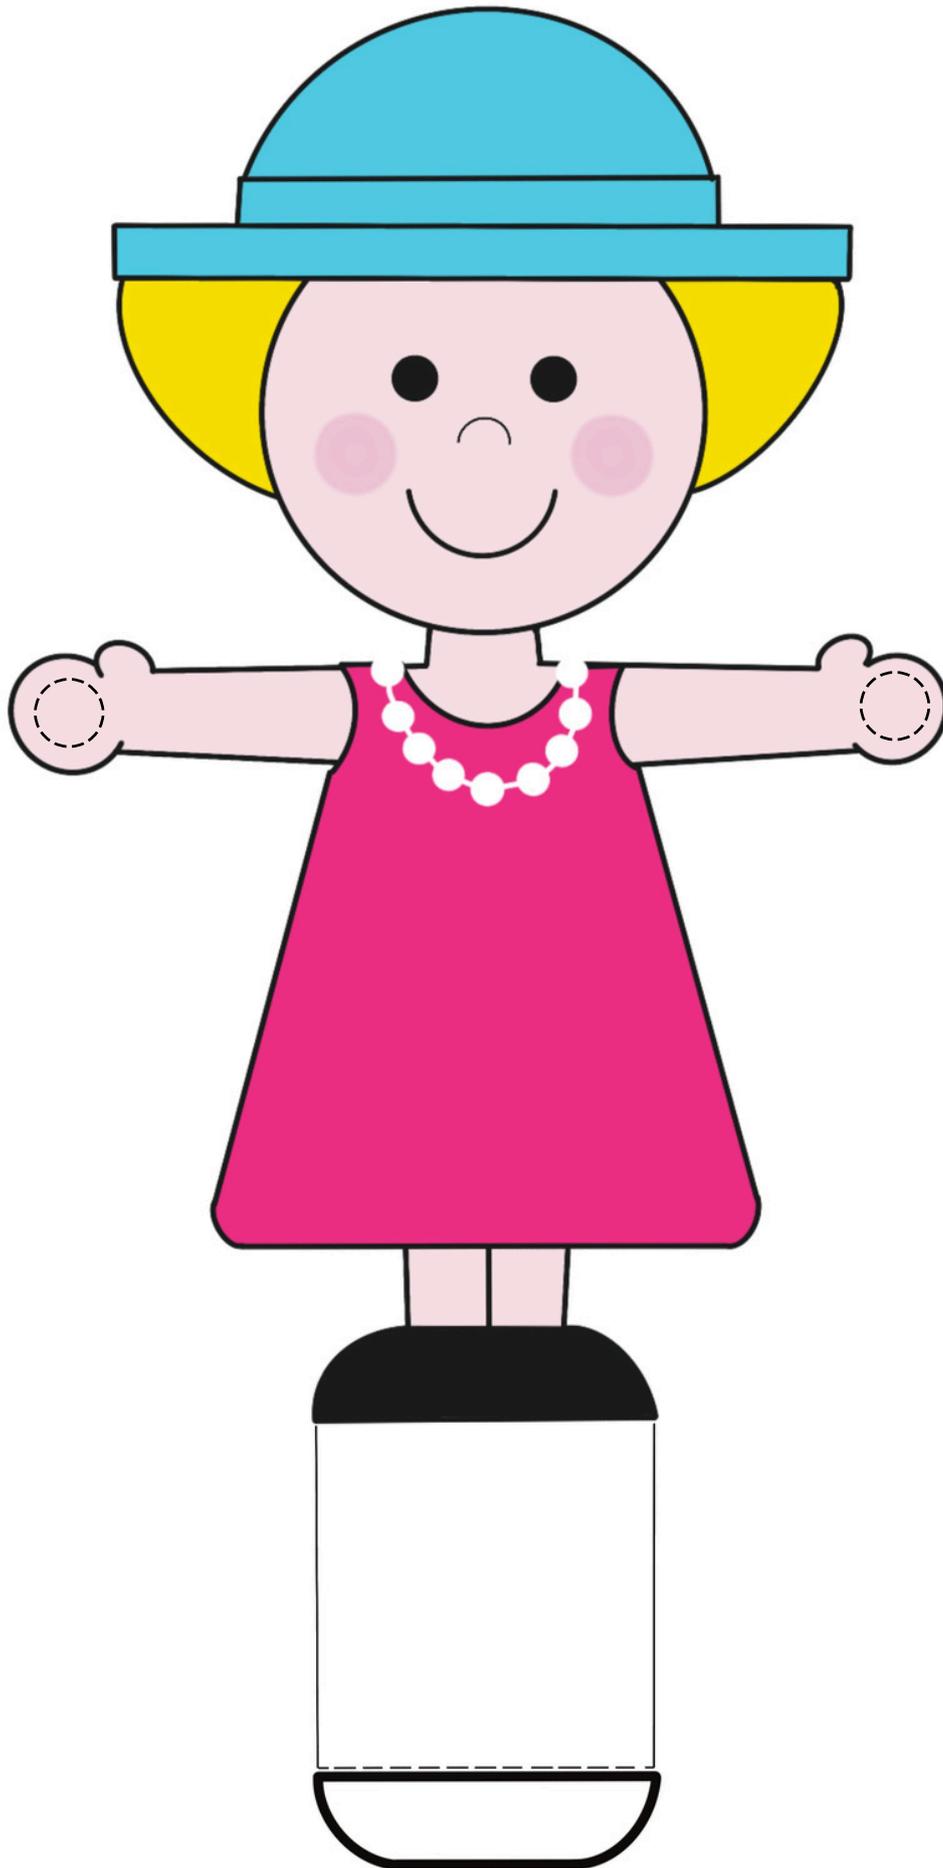

- Stampa i personaggi e gli strumenti;
- Ritagliali tutti;
- Piega le linguette della figura "fronte" e unisci quella in basso alle scarpe della figura "retro"

Esempio:

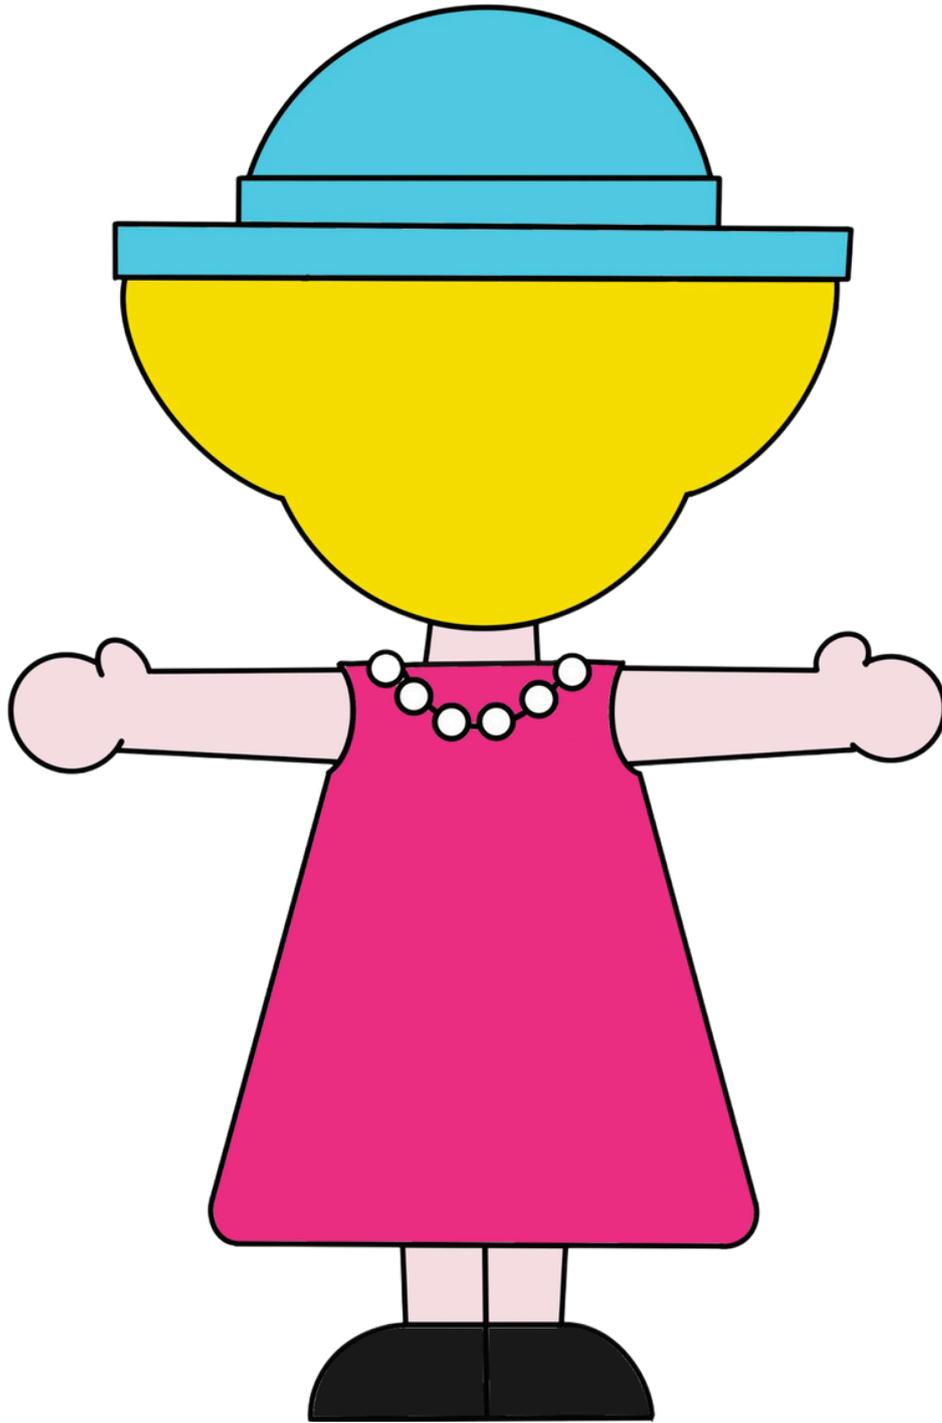

- Mettere la colla sul retro di testa e braccia e sulla linguetta in basso, e far coincidere le due sagome
